## Sir Rocko

**Rick Harris - Vocals:** has worked as a vocalist and compere with many international and national artists. Originally with the Silhouettes he then moved on to form the very popular Rockin Rebels. Rick has a wide vocal range which allows him to sing Rock & Roll, Country Rock and together with big powerful ballads gives the band a wide versatility.

**Barry Rohde - Drums:** started playing drums at the age of six before learning piano for the next five years. However, drumming was his great love, and from his early teens he played in cabaret shows, which gave

him the opportunity to play all styles of music.

**Lance Whittington - Vocals / Guitar:** has been in the entertainment business for well over thirty years as a solo performer, as well as a band member with numerous Country and Rock and Roll bands both here and in N.Z. The founding member of Big Wheel & The Hubcaps back in 2000, he formed Sir Rocko in 2006. His vocal style allows him to sing ballads, and jazz to rock `n` roll, adding an all over versatility to the band.

**Sue Kirkby - Vocals / Bass:** Recognised as an industry identity for her contribution, nationally and overseas Sue has performed with Daughters of Zeus, Chicks Incorporated, Komix, and John Farnham. Joined all girl group Peaches, and appeared on Countdown with their hit song "Substitute" dominated the charts at No.1, remaining in the top ten for seventeen weeks. Her exuberant energy adds a captivating dimension to the band with every performance that they deliver.
