Amazon Blue

Amazon Blue are a professional duo featuring Fran Kelly (vocals, percussion, sound engineering) and Gus Mckinstry (sax, keyboards).

The duo's concept is to reproduce some of the forgotten music of the 70s and 80s including artists such as Steely Dan, Patti Austin, Michael Franks, Al Jarreau, Grover Washington Chaka Khan and Renae Geyer to appeal to guests who are true music lovers with a finer taste. Sprinkle this with smooth jazz from the 40s and 50s for the older and more refined guests (to reminisce and stroll down memory lane). Then add contemporary groove to the equation eg (Ma-

roon 5, Jack Johnson, Maxwell ,Ben Harper and Missy Higgins etc)for the younger generation who want to listen to live music and enjoy a fine wine with dinner, then you have the recipe for a very sophisticated evening of music covering and catering to all ages and musical tastes without just repeating the standard repertoire of music played everywhere.

Amazon blue have performed with some of the most distinguished entertainers and musicians over the years including being asked to perform for and with Diana King and her band in tokyo 2003. (" Say a Little Prayer" fame).

Amazon blue are able to perform as a duo, trio , four piece and on to a six-piece band when lucky enough to need a larger group for conferences and functions.

What can I say

Straight to the heart

No ordinary love

Fields of gold

Keep coming back

Georgy porgy

Wait in vain

Everywhere

Its only love

Turn you love

maputo

Another brick in the

Need somebody

Tell me im your man

Isn't she lovely

Ability to swing

Walkin on the moon

See a chance

lean on me

100 ways

Sexy eyes

careless

She's a brick

Young free and single

Just the way it is

Cool in you

deepwater

By your side

Gimme the night

Holiday

Guilty

Rock the boat

stuck in the middle

What a fool

Romeo and Juliet

Cheap wine

Nature boy

Talk it over

Sarah

Heading

teardrops

I cant tell you why

Love times love

It must be love

For your love

Down under

Your latest trick

Nobody does it

Africa

magic

Where in this love

And she was

Thru the fire

songbird

Late in the evening

Saving all my love

Walk between

reminiscing

Fool if you think

Holding back the
nightbirds

Flame tree

G bop

mama mia

Never as good as
sailing

blame it on the
Sultans of swing

This generation

The way love goes

You've gotta friend

Girl is mine

Diggin on you

Hip to be square
fragile

Don't get any

Change the world

Don't ask my

Smooth

mornin

On the inside

surrender

Antonio's song

Still havnt found

Something got me

Dream

Overjoyed
