Wendy Murray Jazz

Wendy Murray presents her favourite jazz standards with a special touch of elegance, wit and charm.

Wendy has the ability to enchant, to infuse songs with feeling, to tell stories and to make you forget your problems for a while. She has a warmth and presence that captivates every audience whether it be an intimate setting, a festival crowd or a stadium performance.

Wendy's songs are beautiful, mad, hopeful, despairing, joyful and dark ... much like life itself. Her lyrics are inspired by the complexities of human relations, hidden feelings, denial,

revelation, passion and secret tears.

The Wendy Murray Jazz Quintet is comprised of;

Louise Denson (piano)

John Stefulj (sax)

Clint Allen (trumpet)

Jeremy O'Connor (bass)

Sacha Kloostra (drums)

The Wendy Murray Jazz Quintet is available for all corporate functions and private events including weddings.
