Xavier

“He’ll mess with your mind, in the nicest possible way...”

Brisbane entertainer Xavier presents a form of entertainment unlike no other – a mix of psychology and trickery to create the illusion of Mind Reading. Xavier is a manipulator of thoughts and behavior. A conjurer and theatrical performer, that offers a powerful experience.

‘His performances are modernly elegant with a touch of ‘bizarre’, captivating, yet casually entertaining’.

At exclusive parties and corporate functions in Australia, Xavier en-

hances the evening with his art and charm, making sure your guests will talk about their evening forever. He is a truly unique performer in Australia, being one of the few entertainers that will amaze you with tricks of the mind. Like a magician, but different.

Xavier offers a stage act for larger audiences, full of energy, sharp humour and audience participation. It is elegant and unique, and he never fails to make it a hit.

For smaller events and dinner parties, Xavier can perform in such a way that the guests are able to experience his skills at close-quarters. Sat or stood at the table, he can offer a more relaxed, intimate and informal style of entertainment that is as profoundly fascinating as it is indulgently exclusive.

Having performed for many different corporate companies including Westpac Bank; Salt Resort; IGA; Conrad Jupiter’s Casino - Hamilton Island and International Amway Conventions – Xavier is guaranteed to make your function or event one to remember.
