Elton John Tribute

Elton John's world wide record sales exceed 100 million and of the more than 30 albums he has released, 7 have been consecutive US No.1's. Elton also became the US album chart at No.1, and for a decade he spent more time in the UK record charts than any other performer.

His legendary partnership with lyricist Bernie Taupin is a celebration, which reflects a career of remarkable achievement that already spans over 30 years.

Kim Hoffman has devoted the last 12 years of his life to capturing and perfecting the essence of Elton John in concert. Kim meticulously reproduces

every unique subtlety of Elton's stylistic approach to music, from his amazing piano playing and vocal ability to his wild and zany stage antics.

Kim Hoffman continues the magic around the world with Australia's No. 1 tribute to Elton John, Benny and The Jets. Performing such hits as: Your Song, Goodbye Yellow Brick Road, Candle in the Wind, and Crocodile Rock....Benny and The Jets will make you believe you are witnessing the real Elton John performing his songs live before your very eyes.
