The Rolling Stones Experience

The Rolling Stones Experience has been Hailed as 'the closest you will get to seeing the real thing'.

The band have played major venues throughout south east Queensland including Southport Sharks, Seagulls Club, Kedron Wavell, Caboolture Sports and Capalaba Sports.

Lead front man John van Zyl (taking on the role of Mick Jagger) has been a Rolling Stones fan since he was a skinny 15 year old kid. John was initially introduced to the Rolling Stones by another kid who had just arrived in Adelaide from London, he looked like Bill Wyman and better

still had the first Stones album with him, (not released in Australia as yet).

Together they formed a cover band called The Untamed with a repertoire that consisted of songs by bands including The Pretty Things, The Yardbirds, but mainly Rolling Stones songs.

It's been roughly forty years since that first band and John is still as excited about portraying Jagger as ever, and has spent the last 2 years fine tuning the show with musicians as passionate about playing Rolling Stones music.

The Rolling Stones Experience is perfect for concerts, corporate events and private functions.
